Tham 2

4/11/04

GPS - 061: 47P 0702854
1635087

Entered via collapse doline, near top of mountain. Ancient collapse feature. descends steeply to boulder + flowstone blockage.

Raptor nest (bones on floor)

heavily decorated, many spels broken or toppled - earthquakes?

no bats seen, 1 bird, some crickets

a small, round ball of mud found at bottom - definitely manmade, for use in slingshot for catching bats or birds?

Caving Supplies Ltd., Buxton, England.
