

Khao
Tham Phim Sen / Huai Maeng 11/3/2002
Ban Huai Maeng, A. Naphitana NST.
GPS (459) 47P 0568907 (1)
0973631

located at base of southern side of obvious
limestone mountain in Ban Huai Maeng.
Drive to end of road + walk 100m to resurgence
in boulders. Entrance is 5m above + drops into
stream passage. Upstream reaches boulder room
after 70m. Climb up + over into seasonal
passage. Stream enters from tiny hole to right of
room. Walk along seasonal passage for
50m to more boulders (up + over), passage
continues to yet more boulders (through)
to last section. This ends at tall boulder
room (not climbed) + dividing crawls (not
pooled).

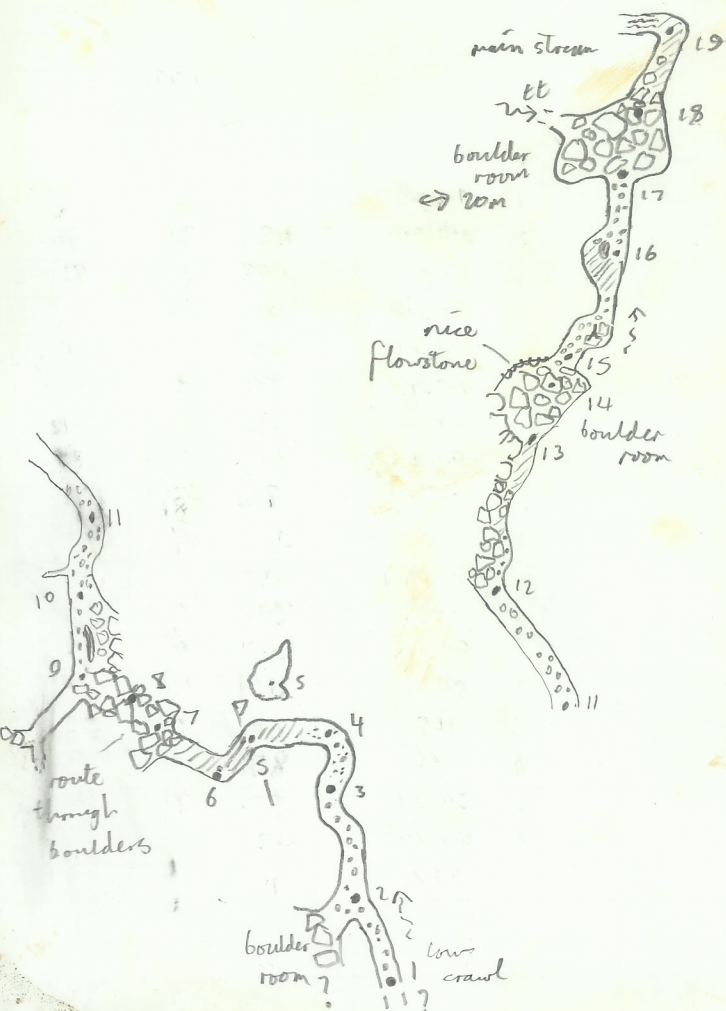

fauna - large Hipposideros, 2 cave racers
fish - catfish, snake-head, carp,
nemacheilins, shrimp, crickets,
toads, amblipygids, glyptothelids, web-spinning
spiders

Rarely visited by locals (mostly kids).

fair size stream c. 0.1 cumness.
Floods to roof in wet weather, small dam at ent.
(broken)

survey Dean Pat Robert ~~arrived~~ ~~sketch~~ in
paving + compass Grade 2b cave
